Price List.

H. J. Weber & Sons Nursery Co.,

Nursery, St. Louis Co., Mo.

Nurseries and Office, located on Gravois Road.

One and one quarter miles west of St Louis City Limits. Nine miles southwest of St. Louis Court House, and one and one half miles west of terminus of the "Cherokee Street Car Line," or one half mile east of Gravois Station on the St. Louis & San Francisco R. R. (St. Louis, Cape Girardeau and Memphis Division). two trains each way daily.

INTRODUCTORY.

WITH great pleasure we again present for your perusal our annual Price List for the Fall of 1907 and Spring 1908, covering the various Trees, Vines, Shrubs, Roses and Plants described in our Descriptive Catalogue under their respective headings.

We wish to extend to our many Patrons our sincere thanks for their liberal patronage and hope that we have merited a continuance of your valued orders the coming year.

To those receiving this list with whom we have not had the pleasure of dealing, we give the following information:

Our Nurseries cover over 200 Acres of the best Nursery land in Missouri, being of the "Loess formation" which is specially adapted to the growing of strong, healthy trees and plants, with plenty of fibrous roots.

The packing facilities are the best of any Nursery near St. Louis, and all packing and filling of orders is personally superintended by members of the firm with the assistance of competent help, in the best possible manner; no distance too great for our mode of packing.

We usually begin packing in the fall, about October 15th, and extend to November 15th, or until freezing up, and in spring from March 1st to May 1st.

You are cordially invited to visit our Nurseries, we are always pleased to show visitors through our grounds.

During the last six or seven years we have increased our Ornamental plantings and now have to offer a very complete line for Home, Club and Institution grounds, Parks, Cemeteries, etc.

We solicit your correspondence and inquiries, and are always glad to assist you in making selections.

Awaiting your favors, we are

H. J. Weber & Sons Nursery Co.

Agricultural College of Missouri, Experiment Station.

DEPARTMENT OF ENTOMOLOGY.

CERTIFICATE OF INSPECTION OF NURSERY STOCK.

COLUMBIA, MO., AUGUST 5TH, 1907.

TO WHOM IT MAY CONCERN:—This is to certify that on the 2nd day of August, the Nursery Stock of the **H. J. Weber & Sons Nursery Co.**, H. J. Weber & Sons, proprietors, grown in their nurseries at and in the vicinity of Nursery, St. Louis County, Missouri, was examined and no indication found of the presence of San Jose Scale, Peach Yellows, Rosette or other dangerous insects or plant diseases liable to be transferred on nursery stock from the nursery to the orchard.

This certificate is good for one year from date of inspection.

Leonard Hoseman, Deputy Inspector.

J. F. Stedman, Entomologist.

PLEASE READ CAREFULLY.

TERMS, CONDITIONS AND GENERAL REMARKS.

Terms:—Invariably cash, except when otherwise agreed upon.

Remit by P. O. or Express money order on St. Louis, Mo., Registered Letter on Nursery, Mo., or by Draft. Please do not send private checks unless drawn on some St. Louis Bank. Address all letters to "H. J. Weber & Sons Nursery Co.," Nursery, Mo.—C. O. D. orders must be accompanied with one-half the amount in cash.

Quotations in this list are made subject to previous sales and without liability should injury befall stock from frost, fire, hail or other causes beyond our control.

Guarantee.—We exercise the greatest care to have every tree and plant true to name, and are ready, on proper proof, to replace anything sent out by us, that may prove untrue to label, free of charge, or refund the money paid for same. It is understood between purchaser and ourselves, that we are not to be held liable for any greater sum than that paid us for said trees and plants that prove untrue.

Free Packing.—We pack free all orders sold at Catalogue prices in the best possible manner, in bales or boxes, with moss or excelsior.

No Cartage—to Freight Depots, Express Offices or Wharfs in St. Louis.

City of St. Louis and Suburban Deliveries.—Parties desiring to receive their order on a certain day or immediately on receipt of same, will please have it shipped by some Local Express Company. Express charges are to be paid by purchaser.

City Delivery Wagons, will make trips to the various sections of St. Louis; orders to go this way must be left entirely with us as to time of delivery. We combine a number of orders for one section in making these deliveries. We cannot make special trips unless order is large enough to make a load.

New Railroad Facilities.—We have the "St. Louis, Cape Girardeau and Memphis R. R." branch of the "Frisco System" within one-half mile of the Office. Our station is "Gravois, Mo." "Wells Fargo Express" Car Load shipments loaded here. This with the St. Louis facilities enables us to make prompt shipments on direct lines.

Early Orders.—Customers should send in orders as early as possible; do not wait until the last minute. Wishing to serve our patrons to the best of their interest we kindly ask for early orders.

Directions.—Observe carefully that your name, P. O., County and State are plainly written on your order; also state whether to be sent by Freight or Express, and by what route. If no directions are given, we will use our best judgment in the matter.

Errors.—Any errors that may occur in filling orders must be reported within five days after receipt of goods. We will immediately correct same. Complaints entered after the above stated time cannot be entertained.

Losses.—All stock will be sent out in good condition; we do not guarantee stock to live under all conditions, nor do we make up any loss whatever due to climatic effects, or after culture on the part of the purchaser. On receipt of stock open package at once and ascertain condition of same, check up varieties and compare with your order and report to us at once. (If package has been frosted or become dry en-route, treat as per instructions given in catalogue, under Directions for Transplanting and care of Trees, Shrubs, etc.)

SUBSTITUTION.—It is customary, should the supply of a variety become exhausted (as will occasionally occur in all establishments), to substitute in its place a similar sort, if there is such. Should it be desirable for us not to do this, please state "No Substitution" on your order.

Selections.—Persons unacquainted with the different varieties can leave the selection to us, in which case we will select as if planting for ourselves.

Transportation.—Every care is taken to secure safe and prompt transportation. The forwarders alone must be held responsible for loss or delay in transit.

Inspection.—Our nurseries are annually inspected by the State Entomologist and have been found free of San Jose Scale and other dangerous insects and diseases. A copy of certificate of inspection will be attached to every package that leaves our establishment.

Fumigation.—Having built our own "Fumigatorium" we will fumigate with "Hydrocyanic Acid Gas," all stock sent to States where same is required by law. Should any of our customers request us to "Fumigate" their stock we will be pleased to do so, free of extra charge.

Notice.—The prices in this list abrogate previous quotations, and are made on stock to be strictly first class of the grades named. Please do not compare our prices with firms quoting on mailing size trees and plants only.

ORNAMENTAL DEPARTMENT.

Our Ornamental Department is now one of the largest and most complete, (if not the largest) in the west. We invite careful perusal of our offerings and if possible, inspection of stock.

Special attention is given to the supplying of Public and Private Parks, Estates, Subdivisions, Pleasure Grounds, Club Grounds, Railroad Companies for station grounds, etc.

On large lists of stock we request a list of wants for special prices.

We frequently have a few large specimen Trees and Shrubs in odd varieties; if the grades quoted are not large enough, kindly correspond with us, giving names of varieties wanted and size desired. We will then quote you a price on such as we can supply.

HEDGE PLANTS.

	Per 100	Per 1000
Osage Orange 1 year No. 1....	\$0.60	\$4.00
California Privet, Pyrus Japonica, Althea, Berberry, Philadelphus, Roses, Spiraeas, Tart. Honeysuckle, Arborvitae, Hemlock Spruce, etc., suitable for hedging will be found priced under proper headings in this Price List. Smaller sizes than quoted in this list will be priced on application.		

ROSES.

30,000 Field Grown to offer Fall 1907 and Spring 1908.

Our Roses are all field grown plants, on own roots, (we do not grow or handle budded Roses) and for Fall delivery will be fresh dug; for Spring delivery we winter our Roses in “Cold Frames” and can deliver in spring as early as weather will permit.

We advise Fall planting as being the best.

Note our fine list of varieties. We call especial attention to our large list of “Everblooming Roses” or Hybrid Teas.”

Place your orders early, for best selection.

	Each	Per 10.	Per 100.

SPECIAL ROSE OFFER.

Roses from 2¹/₂ inch pots, May 1st, 1908, shipment.

We annually contract for a large amount of Roses for our own planting, out of which we offer to those wishing a cheaper plant; varieties out of our Hybrid Perpetual and Everblooming list, at special prices.

Last Spring we sent out quite a number of these small Roses and they have given excellent satisfaction.

At the prices quoted no one need be without a nice bed of Hybrid Perpetual or Everblooming Roses the coming year. Try them.

Orders for this class of Roses should reach us on or before April 1st, 1908, so that varieties can be reserved. We cannot accept orders for this class after our own planting has been completed.

In assortment, either H. P. or Everblooming.

Per 10.....	\$1.00, Postage prepaid.
Per 50.....	\$4.50, Expressage prepaid.
Per 100	8.00, " " "

Packed in neat boxes. No order accepted for less than \$1.00 on this offer.

GREENHOUSE ROSES.

	Each.	Per 10.	Per 100.
Under this class we offer only those suitable for forcing, 3 to 4 in. pots (Spring 1908 delivery).....	\$0.20	\$1.50	\$12.00
Bride, Bridesmaid, Perle, Richmond and Killarney.			

EVERGREENS.

All our Evergreens have been one or more times transplanted, they have fine fibrous roots and wherever possible we dig with ball of earth and wrap same in damp burlap; otherwise we pack roots in wet moss immediately after digging.

If you have not received our Descriptive Catalogue, or have misplaced same, send for another.

CAUTION.—Do not let the sun or wind strike the roots of Evergreens even for a few minutes, you will kill them if you do. Plant immediately on receipt, give thorough drenching of water, but do not apply over the foliage.

Evergreens are best transplanted during September and April.

Those marked with (*) are Imported trees and can only be delivered during April 1908.

PRATT'S "SCALECIDE"

MANUFACTURED ONLY BY

B. G. PRATT CO., NEW YORK.

is an absolutely unfailing Remedy for "SAN JOSE SCALE."

Attested to by thousands who have used it. If you have not tried it **SPRAY NOW** as soon as leaves begin to fall. **DON'T WAIT** until the **Scale** has sapped the **life** out of your trees. **Cheaper** and more **effective** than Lime, Sulphur and Salt or any other home-made or commercial spray. A 5 per cent solution **guaranteed** to kill every scale touched with it. One enthusiastic customer remarked that it killed 100 per cent of all scale it hit, and 90 per cent that it did not hit.

PRICES OF "SCALECIDE,"

F. O. B. HACKENSACK, N. J., or NEW YORK, N. Y.

50	Gallon	Barrels, 50 cents per gallon.....	\$25.00
30	"	one half Barrel, \$1.00 extra	18.00
10	"	Jacketed Cans.....	6.00
5	"	" "	3.25
1	"	Can.....	1.00

(1 gallon makes 16 to 20 gallons of spray.)

TERMS:—Cash with order. St. Louis Exchange, Post Office or Express money-order.

Directions for Using Pratt's "Scalecide."

Fill spray tank first with water, and add 1 gallon of "Scalecide" for every 20 gallons of water; agitate slightly and it is ready for use.

Twice the quantity of "Scalecide" may be used if desired. It will not injure the tree. Commence spraying in the Fall, just after the leaves fall. Spray any time during the Winter or Spring, that it is comfortable to work out doors, up to the time that the blossoms are beginning to open. When spraying is done for Cottony Maple Scale, will be pleased to give special directions.

"Scalecide" is **antiseptic** and **healing** to the skin. Absolutely **non-poisonous**.
